

A Resource for Semiconductor Manufacturers

55105AMOD - Modified Source Body for **Varian E500 Implanters**

Glemco presents an optimized E500 Source Body, that eliminates misalignment when used with the modified Source Flange 55327A. The new interface between the customized source body and flange, provides precise positioning.

Contact us at sales@glemco.com for more details.

The existing slot has been widened to accommodate a Ø.250 pin.
