## Glemco Customized Design CDO Showerhead Assembly

45571

The standard OEM shower has a fixed shower head that provides an inefficient shower curtain inside the CDO. It's small tube can become clogged during use, which limits scrubber effectiveness. Also, it's welded design requires that the entire unit be replaced if it becomes clogged.

Glemco introduces an upgraded shower head assembly for the CDO Abatement System, that is designed to increase productivity and improve performance with these advancements...
